A SUMMARY OF YOUR ADVISORY RELATIONSHIP WITH EDMONDS DUNCAN REGISTERED INVESTMENT ADVISORS, LLC

March 22, 2023

ITEM 1 - INTRODUCTION

Edmonds Duncan Registered Investment Advisors, LLC, is registered with the Securities and Exchange Commission (SEC) as an investment adviser. Brokerage and investment advisory services and fees differ, and it is essential for you to understand these differences. Free and simple tools are available to research firms and our Financial Professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.

ITEM 2 – RELATIONSHIPS AND SERVICES

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

Our Firm offers investment advisory services on a discretionary basis and non-discretionary basis. In a discretionary account, you have granted written investment authority to your Financial Professional to execute purchase and sell orders in your advisory accounts without consulting with you first. You may limit our discretion, such as by imposing reasonable restrictions on investing in certain securities or groups of securities. In a non-discretionary account, you have not granted written trading authority to your Financial Professional, and he or she will consult with you before executing trades in your account. As the retail client, you make the ultimate decision regarding the purchase or sale of your investments. Our Firm monitors your investment advisory accounts, and specific investments within your accounts, on an ongoing basis to align with your investment goals. This service is included as part of the Firm's standard advisory services. Our Firm does not require a minimum dollar value of any account. In addition, our Firm offers financial planning and consulting services for our clients. Financial Planning services can be provided on a stand-alone basis or in conjunction with our investment management services. Our Firm provides general investment recommendations, on a limited basis to our clients.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

ITEM 3 – FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

WHAT FEES WILL I PAY?

Our Firm receives a fee as compensation for providing investment advisory services on your account. The investment management fee includes investment management supervision, trade entry, and other account maintenance and/or service activities. Our investment management fees are based on a percentage of the total account value. This fee varies between 65 and 150 basis points (0.65% – 1.50 %), depending upon the size of a client's portfolio and the type of services rendered. Fees are billed in advance, on a quarterly basis. You pay this fee even if you don't buy or sell investments. The more assets in your advisory account(s), the more you will pay in fees, and therefore, our firm has an incentive to encourage you to increase the assets in your account(s). The mutual funds and/or ETFs held in your advisory account(s) will charge internal management fees and other expenses. Our other Firm fees are billed as follows: Fees for financial planning services range from \$2,500 to \$10,000 on a fixed fee basis. Fees for consulting services are negotiated on a fixed dollar basis. For wrap fee program accounts, you will pay us a single asset-based fee for advisory services. This fee is intended to be a fair market charge for our advisory services and the administrative and operational costs associated with managing our firm and your investment accounts. The fee also covers transaction costs or commissions resulting from the management of your accounts, however, most investments trade without transaction fees today, so our payment of these and other incidental custodial related expenses should not be considered a significant factor in determining the relative value of our wrap program. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Help me understand how these fees and costs might affect my investments.

- If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they affect the investment advice we provide you. Here are some examples to help you understand what this means. 1) Asset-based fees present a conflict because our Firm is incentivized by encouraging you to invest additional funds in your advisory accounts. Asset-based fee compensation also poses a conflict when advising you to rollover a 401(k) balance, when equivalent and less costly options may be available if funds are left with the employer's fund manager. Other conflicts to consider are: 2) Our firm allows our Financial Professionals to invest in the same securities as you; however, our Code of Conduct governs personal trading and mitigates any conflicts. 3) Lastly, some of the products, services and other benefits provided by your custodians are used in servicing all of our Firm's advisory accounts and therefore may not directly benefit your advisory account. If you have questions about whether any of these situations could apply to your investments, ask your Financial Professional.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- How might your conflicts of interest affect me, and how will you address them?

HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

Our Firm's Financial Professionals are compensated based on the revenue our firm earns from our investment advisory fees. This compensation is based on the amount of assets we manage. Some of our Financial Professionals are insurance licensed and receive commissions, trails, or other compensation from the respective insurance companies as a result of effecting insurance transactions. When our Financial Professionals act as a registered representative of a broker-dealer, our Financial Professionals receive commissions in connection with the transactions made for you. However, you have the right to decide whether to act on the recommendation. We recognize our duty to place your interests first and have established policies in this regard to avoid any conflicts of interest. While some of our Firm's Financial Professionals are engaged in outside business activities, we are required to disclose material outside business activities and any conflict it may pose to you. Our Firm supervises the business activities of our Financial Professionals through our compliance program. All Financial Professionals are required to follow a Code of Conduct to mitigate any conflicts to you.
